

SOCIAL AND CORPORATE RESPONSIBILITY RESEARCH

Where to look in Library databases, resources and websites for social and corporate responsibility research

Resource Title	Description	Format type and Hyperlink
Find business articles video (scholarly, trade and newspapers/magazines)	This video gives you an overview of where to find scholarly, trade, and popular articles that can help you gather information about different companies and the industries they operate in.	Company Research Video
How to find and use industry news	This video shows you how ProQuest Business, Business Source Complete and Factiva can help you find industry news using specific keywords and publication sources.	Industry Research Video
Handy search tips	This PDF document provides a comparison of seven search operators: AND, OR, NOT, use of double quotations, the truncation symbol (*), the wildcard symbol (?) and proximity searching used in ProQuest Business, Business Source Complete and Factiva and where how to find more search help in these databases.	Comparison of Common Search Operators in ProQuest Business, Business Source Complete & Factiva
SPARK Guide (Student Papers & Academic Research Kit)	This guide shows you how to use three standard search operators: AND, OR, NOT to combine keywords for your searches. Different combinations allow you to either broaden or narrow your search as appropriate.	Conducting Searches
Locate CSR Reports and Learn how to Read Them	This short PDF document introduces you to two resources: the Sustainability Disclosure Database and how to use it to retrieve company-produced reports for your assignments; and a link to a free user guide by the Boston Center for Corporate Citizenship along with the basics of how to read a CSR report.	Finding and Understanding CSR Documents PDF
Guided tour of Sustainalytics for CSR Research	This 2-minute tutorial shows you how to find and download reports written by Sustainalytics, a research company that provides extensive coverage of publicly-traded companies around the globe and rates them on their environmental, social, and governance performance. You only need to follow the arrows to navigate your way through the tutorial.	Sustainalytics Guide
Business Ethics	This guide lists the major print and electronic materials available at York University Libraries on the topics of business ethics and SCR research. It also includes a list of important freely available web resources under the Useful Links / Associations tab.	Business Ethics
Corporate Governance	This guide highlights the major print and electronic materials available on the topic of corporate governance. It also includes a list of important freely available web resources under the Useful Links tab.	Corporate Governance
